**FOR OUR PROSPECTIVE ADOPTERS PLEASE READ PRIOR TO FILLING OUT APPLICATION**

It is our goal at the CNY SPCA to make the best match possible for our animals as well as prospective adopters. This application is not meant to discourage you from adopting, but to help us make the best match possible for your lifestyle. Please allow us 24 – 48 hours to process your application. Applications are not on a first come first serve basis, they are best fit for the animal. If you rent, we will not proceed with meeting an animal until we have landlord approval. If you have current animals, we will be doing a vet check so please let your vet know that we will be calling. If looking at adding a canine companion and you currently have a dog a meet and greet is required, no exceptions.

The application must be filled out completely and signed.

Your license should reflect your current address.

You must be 21 to adopt, no exceptions.

Please be advised that if you neglect to put down a landlord or vet number or the number is wrong, we will call you once. If no response, your application will be discarded.

Once you are approved and have decided on a prospective companion, a meet and greet MUST be done with all members of the family, we do not adopt animals as gifts or surprises.

If for any reason, you have not been honest on the application, you will be immediately denied and put on our “Do Not Adopt List”.

**Until you have an approved application, you will not be able to visit with any of our animals.**

On your application, there will be a place to list the animals you are interested in. Based on lifestyle questions, staff will determine which one will be the best fit for your family and set a time for you to meet them. Please remember, we are **NOT** on a first come, first serve basis for adoptions, it is always best fit for the animal.
